

## HITLERS LOVE TRAGEDY

March the 14<sup>th</sup> 1940. It was a dark murky day with gun powder drifting in the air as hundreds of shots were being fired in Germany. Adolf Hitler, the German's leader, was sitting in a trench with mud, rats and bullet casing all over the ground when World War 2 had launched. Hitler and his gang the Nazis were planning an ambush on Poland, when they were rudely interrupted by an attractive young woman called Ellie.

"Excuse me young lady you shouldn't be here!" Hitler exclaimed. "Yes I'm a German spy," she whispered. "Well you could have just said that." Shots were being fired from all different directions, left, right and centre as Hitler took her hand and ran her to safety. "I'm Hitler sorry about before," he grunted. "It's fine I shouldn't sneak up like that and I'm Ellie," she replied. Hitler liked Ellie and decided to introduce her to the Nazi soldiers. "Guys I would like you all to meet Ellie," he yelled. "Hi I'm Ellie and I'm your spy," she whispered. All the men nodded their head and sighed then they all went back to work. The soldiers knew something wasn't quite right. Hitler took Ellie to a nearby abandon house were they would meet again at 6:00 pm.

Hitler got back to the trench, when a Nazis soldier was shot to the ground with blood gushing out of his mouth. Hitler just ducked in time when a bullet snipped over his well combed hair. **Boom!** Another bomb was just dropped above Poland. A young girl ran out from a building behind them, it was Ellie. She started screaming "They are coming, they are coming!" She finally stopped running. "Who's coming?" Hitler asked. "I'm only joking lighten up a bit," Ellie smirked. "Well that isn't even worth joking about!" roared Hitler. Ellie and Hitler stomped back to the dodgy house.

"Okay I need to tell you something important," Ellie mumbled under her breath. "What? Tell me now!" he shouted. Ellie pulled out a gun as she said "I'm not a German spy I'm a French spy," she laughed while cleaning the gun. "I love you so stop lying to me!" he cried. "Shoot yourself," she snarled. **Bang! Bang! Crash!** Hitler's dead body tumbled on to ground with a thump. "Goodbye Hitler now the stupid war can stop!" Ellie squawked.

Ellie went and saw the Nazi soldiers and told them that Hitler died and before he died he commanded that the war would stop. The soldiers didn't really believe her but they dropped their guns, grenades and left the cannons and gave up. World War 2 had finally stopped. "I'm not scared anymore," a young boy claimed. "The sky is clear and not so dark anymore," another boy added. It was April the 5<sup>th</sup> and life had gone back to normal. No more fighting, shooting, yelling and crying. Life was once again peaceful.
