

JEREMY- A FAMILY MEMBER

My brother is a bit of a goofball. He plays a lot of sport and he is always on his PlayStation he is at home. I will tell you four things about him. His personality, his style and what he looks like, his favourite things and finally what he is like at home and school.

Personality is a big thing for people, my brother's personality is messy, silly and fun. Jeremy is very messy because he's room isn't that tidy (especially now that he has made his new desk). There is always something on the floor and even when it is tidy I'm sure he just throws everything in his wardrobe or under the bed. Jeremy is silly because he is always joking around with the whole family. But sometimes his jokes can get him in trouble or people think he's being serious. Jeremy is super fun because he jokes around and plays with people. Sometime he won't be in the mood. But at least he will go motorbiking with me at any time.

Jeremy's style is very modern. He will always wear a nice top if he is going somewhere and when he goes out he will wear his red nike shoes. Jeremy will wear his hockey jerseys most of the time. He still has his jersey from 2014 up to 2016. Jeremy's room has some of his style in it too. He has a new wooden desk with a TV sitting on top, an old single bed and a wooden bedside table.

Jeremy has a lot of favourite things. His favourite food would be mum's bacon and egg pie, burgers or pizza. Jeremy's favourite sport is motorcross. He will always go if his friends are or if there is a race on. Motorcross is a very expensive sport, I am always getting his old boots. Jeremy likes Abbey (our dog) the most out of the pets because, Ginger (our cat) doesn't do much and he never looks at my guinea pigs.

Last of all is what he is like at home and school. At home Jeremy jokes around heaps and always leaves a room messy. He will get home from school and get food then he is straight onto the PlayStation. Sometimes he will go on the computer in the living room. But you hardly ever see him. At school he makes jokes all the time and makes people laugh. He seats near the back of the bus with his friends. Jeremy likes to listen to music on the bus but when he's not he will be talking the whole time.

In conclusion, Jeremy is a nice brother but can be mean sometimes. He is messy, fun and silly. I have told you four things about my brother, his personality, his style, his favourite things and finally what he is like at home and school.
